Re: Tentative Decision and Further Notice
of Inquiry, Gen. Docket No. 87-268

Dear Mr. Feaster:

National Broadcasting Company, Inc. (NBC) hereby supports the request for an extension of time in filing comments in response to the Tentative Decision and Further Notice of Inquiry released September 2, 1988 in Gen. Docket No. 87-268, the proceeding looking towards the introduction in the United States of advanced television systems, filed by The Association of Maximum Service Telecasters (MST) and the National Association of Broadcasters (NAB) on September 30, 1988.

As MST and NAB point out in their request, the Tentative Decision and Further Notice of Inquiry raises numerous complex issues that will require considerable time and effort in analysis. Moreover, many of the NBC technical personnel that have been assigned to provide their expertise have been out of the country engaged in NBC's Olympic telecast for the past several weeks. While NBC is in accord with the Commission's desire not to delay this proceeding unnecessarily, we believe that not just
